

WinEstimator User Conference 2009 · March 16-18, 2009 Seattle, WA

Why should you attend the WinEst User Conference?

- 1) **It's educational!** The WinEst User Conference has new subjects such as:
 - Beginning and Advanced Assemblies
 - Updates in Version 11
 - BIM and WinEst
 - BIM Real Life Applications – taught by a WinEst user!
 - Conceptual Estimating Real Life Applications – taught by a WinEst user!
 - Custom Reports & Forms
 - Job Cost and Scheduling Integration

- 2) **Networking opportunities!**
 - Network with industry CEO's, executives, chief estimators and business owners
 - Network with leading industry software providers! Sponsors in past years have included RS Means, On Center, and Dexter Chaney

- 3) **Our BIM Expert keynote speaker, Kathleen Liston!**
 - Kathleen Liston, a BIM Expert and consultant and PhD Candidate - Dept. of Civil and Environmental Engineering Stanford University, will speak about BIM in the AEC industry. Visit <http://www.listons.net/kathleen-main.htm> for a full biography.

Visit <http://userconference.winest.com> or for more detailed class descriptions, a full schedule, keynote speaker bio, and to register!
